

Institutional Distinctiveness

The purpose of the institution is all round personality development of the students. For this purpose the institution organizes different activities which have enhanced the character and depth of the student's personality. For academic performance of the students teachers take classes regularly on the basis of syllabus prescribed. On regular basis class test, unit test, conducted on scheduled time which has improved students performance in university exam. On different occasions seminars, workshop, essay and poster competitions are conducted. Guest lectures are also conducted on competitive examination such as MPSC and UPSC, This program has inculcated knowledge and awareness about competitive examination among students. . Many interesting activities such as Opening of Student Unit of Microbiologist Society of India, Organization of Microbiome Food Festival, Rangoli, Poster Competition, Participation in Swayamsiddha - a Girls student empowerment Program, Blood Donation Camp, HIV Testing Camp...etc. Furthermore our institution encourages students to participate in various extension activities such as environmental awareness, anti-superstitions awareness, swatch bharat abhiyan, blood donation camp etc. for the overall development of students. As far as co-curricular activities are concerned our students actively participated in various national conferences and seminars, where our students presented the research work carried out at our Microbiology and Chemistry department.

At the Last our institutions vision, priority and trust are mainly focused on Academic and socio-centric activities, for such instance we are trying to take maximum efforts to conduct and organise various activities to cope up with or to support the mentioned Vision, priority and thrust.
