Annual Report of Feedback Committee 2022-23

Feedback report on curriculum:

The College follows the curriculum set down by the Board of Studies Punyashlok Ahilyadevi Holkar Solapur University, Solapur. Some faculty members are a part of BOS and become a part of reviewing and framing the syllabus. Online Feedback on the curriculum is collected from Students, Teachers, Alumni, and Employers and is reflected through BOS to the university.

The IQAC has made available online feedback forms to collect feedback on the Syllabus, by Students and teachers. Alumni and Employers. The College has constituted a feedback committee comprising six faculty members. The feedback committee conducts feedback on the syllabus of each program and each course. The feedback committee drafts the questionnaires. The feedback is categorized into four categories such as average, good, better, and best. Students are asked to grade the asked questions on the syllabus. The feedback committee submits an analysis report to the principal and head of the department for further action. This report is used to understand the strangeness and weakness of the syllabus drafted by the university. Accordingly necessary steps to be taken are suggested as well as discussed by the principal. Suggestion boxes are kept for informal feedback from Students, Teachers, Alumni, and Employers. The analyzed report is also discussed in meetings of IQAC and the heads of the departments. Each head of the departments is then asked to write an action taken report about the changes brought by them.

Action Taken:

1) Furthermore, feedback data is mailed to all heads of the departments, and are informed to take action on feedback about the syllabus. 2) Feedback responses of some the departments are less in numbers. Heads of all such departments are informed to increase the number of responses of students by creating awareness amongst the students.
