

Activities on Women empowerment

The college is located in rural, drought frown and economically backward area of Solapur district which located at the border of Ahmednagar, Pune and Solapur districts in Maharashtra. The college offers three years integrated UG program in science with the objective to promote higher education, especially for economically poor and weaker section girl students of society in rural area. The college has set its vision to generate academic, social, physical, cultural, and spiritual values among the students. The college, along with all round development of all the students, focuses more on gender equity and women empowerment. It is a need of the time that we should cultivate the value of gender equity in our students and it is achieved when women and men are given equal rights and opportunities in every walk of life. Keeping this in mind, Internal Complaints Committee and Women redressal Cell of the college have been constituted to promote gender equity and women empowerment. They prepared and implemented 'Annual Gender Sensitization Action Plan' in every year. Other students' development cells in the college such as National Social Service (N.S.S.) and Cultural Department also have organized various programmes regarding awareness about gender discrimination and women empowerment.

The Women's redressal cell creates a feel in the girl students and female staff that our college campus is a safe place and second home to them. With a view to taking up women's issues and problems, the cell aims at creating awareness about various genders related topics such as gender equality, rights of women, self-defence techniques, personal hygiene and sexual harassment. So far as curricular activities are concerned, we can see that gender equity in the percentage of female students admitted in the college from the academic year 2021-22 is remarkable. The girl students are also involved in the college administration. They work as student representatives on various administrative committees in the college and the major representation of the girls is seen than boys in the college. The percentage of girl students among the top three rankers in the semester end examinations for the academic year 2021-22 is 100% girls. The percentage of girls participated in curricular and co-curricular activities such is much higher than that of boys. The number of girl students participated in the field project and conferences or workshop is quite remarkable in the year 2021-22 in comparison to male students. The number of girl students participated in extra-curricular activities such as cultural events and National service scheme (N.S.S.) is also very significant and that number is almost double than the number of boys. Active participation and achievements of female students in these activities is also remarkable.

Annual Report Internal Complain Committee-2021-22

The college has formulated Internal Complaint Committee as per the rules and regulation of Punyshlok Ahilyadevi Holkar Solapur University, Solapur, and Government of Maharashtra. The intension of committee is to justify oral and written complaints of the female students as well as teaching and non-teaching women staff against sexual harassment in the college.

The committee organizes gender awareness programs and activities for the students and staff to prevent such victims in the campus .In our college ICC celebrates birth anniversary of Social worker Savitribai Phule on 3rd Jan. On this occasion ICC has scheduled speech of Dr. Mrs. Sunita Doshi, Social worker on subject 'Savitribai Phule as social worker' and famous ladies specialist Dr.Smita Bandgar, sub district government hospital from Karmala gives speech on Womens Huygens and Dieses.

The committee also organizes some special program on "International Women Day". This year also committee and college has celebrated and organized International Women Day on 8th March, 2022. On this occasion ICC has scheduled speech of Dr. Mrs. Sunita Doshi, Social worker Karmala. Dr.Sunita Doshi gave very informative speech on the sexual Harassment Prevention and the Basic laws related to women empowerment. In her speech she spoke on freedom of speech, freedom of expression, freedom of writing and freedom of act. She discussed the gender equity issues. She also discussed on safety and security of women's in regular day today's life. This event was successfully conducted by the committees to fulfill the motto to undertake co-curricular activities regarding gender equity and sensitization.

Also other dignitary is invited for her speech on gender sensitization Prof.Sanjay Choudhari from Bharat Mahavidyalaya, Karmala. He is famous actor worked in Marathi cinema Sairat. In his speech he focused on moral education is very important in day today life in school or colleges because now a day's our family is divide. So no one have enough time to sanskara (ordination) to his /her child. Also single mother/father does not upbringing child when they are growing up. We are parents it's our duty to give same morality and ethical values to our child. Sir told various examples of ancient India gave morality and ethical values by grandma or grandpa also rushi muni.
