Traditional Day Celebrations

4) Out of Campus Activities:

Along with all the above activities organized at the institute level, many students participate in cultural activities organized by different institutes like Speech, elocution, Poster, etc. competitions of their interest. Participating in any cultural event, students stumble upon new people and build their network. Most of these activities are group-oriented due to which students get to know about people from different cultural backgrounds and interests. These healthy interactions not only enhance the interpersonal and communication skills of students but also prepare them for the real world. These activities are an amalgamation of fun and learning where spectacular ideas are displayed, and students learn and feel inspired.
